Creating A Framework of Resiliency—Adapting to a Time of Dramatic Change

Innovations International, Inc. announces its latest Online, Facilitated Offering—Creating a Framework of Resiliency. This learning experience is designed to bring to life the recent popular LinkedIn Series—Perseverance, Openness, Emotional Calmness, Confidence, Personal Responsibility, and Realistic Assessment. The course is highly experiential and led by an exceptional corps of facilitators.

The overall objective is to explore, experience, and master the six skills critical for adapting to your workplace and personal challenges as well as your personal well-being, during these trying times. The course is designed for organizations as a two-part series of 2-hours each with highly interactive team exercises. In a phrase, this learning experience is a life-enhancing event that you will treasure forever!
